

December 5, 2018

To whom it may concern,

I am writing to recommend Mary Keener for the Instructional Designer position at Oakland Community College. Mary was one of my cohort facilitators/technologists for the Spring 2018 Online/Hybrid course training here at Oakland Community College. She exhibited strong organizational, communicational, curricular, and overall educational skills. Her attentive and prompt communication and guidance enhanced and expedited my successful training completion for a Hybrid-Traditional course. We communicated through email and online meetings, all of which provided clarity for me as I traversed the training objectives.

Mary is a pleasant and helpful collaborator and I expect her skills to continue to propel other educators toward more advanced implementations of blended learning environments to facilitate our students' success. I would expect strong performance from her in the Instructional Designer position based on my experience working with her. I welcome any inquiry regarding my recommendation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nicholas Conti', written in a cursive style.
